First of all the Introductory Speech was given by B.RAVI convener of Anti-Ragging Committee told that no case was registered so far in our college with regard to ragging. Students should know this fact and maintain the same high standards of morals.

Then followed by the Key Note Address of Dr. Subba Ratnam, Principal, that Ragging is a crime. At any point, it is not entertained in our college. Students are must and should follow the rules in the campus. If they fail to follow the rules, would lead to severe punishment under the act of law.

A speech by Circle Inspector of Police, elucidated the students that seniors should have friendly relations with juniors. Good interaction should take place among seniors and juniors; it should not lead to harassment or sufferings. As we are all human beings, we should have ethical values and morals in our life. Basically, we are friends, instead of seniors or juniors; student life is important turning point in everybody's life.

A student should be a role model to their friends. Human values are important rather than education. Students should behave as brothers and sisters instead of involving in ragging act.. If you fail to do so this will lead to brutal punishment from court and law. So, never think of the word ragging and be part of the campaign to curb the ragging completely in this society.

Good morning to teachers, and my dear students. As we all have gathered today to celebrate this occasion, I would like to draw your attention towards an important issue rising these days in many organizations. I would like to speak on the topic- Ragging.

Ragging means abusing, humiliating or harassing the new entrants in a high school, college or any other institutes and organizations. This practice shakes the confidence of new students entering the new organization.

Sometimes this practice is done very lightly and in a friendly way where it is used for introducing each other. This way it creates a friendly atmosphere for the new people. But if this practice is done harshly by embarrassing someone or making someone do something beyond his or her will, then it becomes a matter of punishment.

The Supreme court of India has defined ragging as, 'Any disorderly conduct whether by words spoken or written or by an act which has the effect of teasing, treating or handling with rudeness any student, indulging in rowdy or indisciplined activities. It causes annoyance, hardship, psychological harm or to raise fear or apprehension thereof in a fresher or a junior student.

☉ Ragging

Ragging is banned as sometimes it becomes so severe that it leads to physical injuries and development of fear of psychosis. If anyone faces ragging anywhere, he/she should inform the head of the institution in order to control this act. One should not tolerate this violation of human rights.

In the end, I would like to say that I am very happy to be a part of this reputed school where I have never witnessed ragging. Instead, I have always found my seniors as a guiding light and very supportive of anything we want to learn from them. I hope you never face such an unkind act in your life and in case you do, now you know what you should do.

Thank you very much.
